

Mobius is a mobile application designed in a way that helps users get various home based services they want in their comfort zone and users can earn through this app as it provides jobs through their skills.

- **TRAFFIC MANAGEMENT**

Möbius can provide qualified laborer's to manage traffic during specific time periods of your build. This service can be booked in with other Möbius services or as a separate event.

FOOTPATH REPAIR

Damaged footpaths can be a sticking point with local residents and councils during your build. Möbius can efficiently repair and tidy up any footpath damage. Before and After photos are taken to ensure customer satisfaction.

● **STREET SWEEPER**

The Möbius compact, registered Street Sweeper service is perfect for streets surrounding domestic building sites, multi-level and estate construction. Before and After photos are taken to ensure customer satisfaction.

- **EXCESS MATERIAL REMOVAL**

Bulk quantities of Pallets, Fence Panels, Plaster, Timber Trusses, Concrete, Brick packs, Waffle pods or polystyrene can be removed along with or separate to our other services. Before and After photos are taken to ensure customer satisfaction.
